

DRUGS METER MINI

An ultra brief drug use data collection and mapping tool for use by researchers and those working in public health.

Developed by Dr Adam R Winstock
Founder and CEO Global Drug Survey

Easy-to-use admin area to manage multiple surveys set up by precise geographical location and send data to be processed for reporting

Survey users for their demographic including: age, gender, and sexual orientation

The image shows a tablet displaying a survey titled "Tell us about yourself". The survey is presented in a clean, modern interface with a white background and teal accents. The top status bar of the tablet shows "iPad", signal strength, time "08:36", and battery level "100%".

The survey content is as follows:

- Gender:** Three buttons labeled "Male", "Female", and "Transgender". The "Female" button is highlighted in teal.
- Age:** A horizontal row of buttons for ages from 25 to 35. The button for age "30" is highlighted in teal.
- Sexual orientation:** Four buttons labeled "Heterosexual", "Homosexual", "Bisexual", and "Prefer not to say". The "Heterosexual" button is highlighted in teal.
- Where do you live?:** A text input field containing "Bromley, London, United Kingdom" and a teal button labeled "SELECT LOCATION".

At the bottom of the survey form is a large teal button labeled "NEXT".

Last year drug use

The image shows a tablet with a survey application. The survey title is "What have you used in the last 12 months?". Below the title is a grid of 20 buttons, each representing a different drug or substance. The buttons are arranged in five rows and four columns. The first four rows have four buttons each, and the fifth row has one button on the left. Below the grid is a text input field with a dark blue label "OTHER DRUGS". At the bottom of the screen is a large blue button labeled "NEXT".

← What have you used in the last 12 months?

Alcohol	Amphetamine	Benzodiazepines	Cannabis
Cocaine	Crack cocaine	GHB	Heroin
Ketamine	MDMA (ecstasy) pills	Mephedrone	Methamphetamine (crystal, meth, base, ice, speed, tina)
NBOMe drugs	Nitrous oxide	Poppers (amyl nitrite)	Prescription opioids
Synthetic cannabis (spice)	Tobacco	Tobacco (with Cannabis in joints)	2C drugs
Unknown drug (mystery substance)

How much? How often? Today?

The image shows a tablet with a survey application. The app's title is "Cocaine". The first question is "How many days last month did you use Cocaine?". Below this question is a horizontal row of numbers from 0 to 10. The number 5 is highlighted with a green square. The second question is "On a day that you use, how much do you use?". Below this is a numeric input field showing "0.5" with a unit "g" (grams). There are green minus and plus buttons on either side of the input field. The third question is "Will you use / have you used Cocaine today?". Below this are two buttons: "Yes" (green) and "No" (white with a green border). At the bottom of the screen is a blue button labeled "NEXT". The tablet's status bar at the top shows "iPad", signal strength, time "08:52", and battery level "98%".

← Cocaine

How many days last month did you use Cocaine?

0 1 2 3 4 5 6 7 8 9 10

On a day that you use, how much do you use?

− 0.5 g +

Will you use / have you used Cocaine today?

Yes No

Spend today?

The image shows a tablet with a light gray bezel and a black home button at the bottom. The screen displays a survey interface. At the top, the status bar shows 'iPad', signal strength, time '09:49', and battery level '79%'. Below the status bar is a white header area with a back arrow on the left and the text 'How much will you spend (GBP) on these drugs today?'. The main content area is white and contains a single entry for 'Cannabis' in a light gray box. To the right of the text 'Cannabis' is a numeric input field with a green minus button on the left, a dark blue box containing the pound symbol '£' and the number '25', and a green plus button on the right. At the bottom of the screen is a solid blue button with the text 'NEXT' in white. The tablet is centered against a solid black background.

How much will you spend (GBP) on these drugs today?

Cannabis

£ 25
